

You shall love your neighbor as yourself.  
Mark 12:31

## April is National Donate Life Month

Nationally over 114,000 people are on the organ donation waiting list. Over 3000 of those waiting are from Michigan.

### Did you know?

- 1) Each organ donor can save up to eight lives, and each tissue donor can improve the lives of up to 75 people.
- 2) Registering to be an organ donor is a safe and thoughtful decision that can be done despite medical conditions or age (the oldest cornea donor was over 100!)
- 3) Most U.S. adults (95%) support organ donation but only 57% of U.S. adults are registered.
- 4) Look at your State ID. **Do you see the heart ♥?** If yes- you are registered. If no- do you want to be a registered donor? For FAQs, visit <https://giftoflifemichigan.org/>
- 5) No heart? Registering takes less than a minute. Visit <https://www.giftoflifemichigan.org/become-donor/>
